Interpellation by Mr. J. Rudrappa.

Reply by Revenue Secretary:

Will the Government be pleased to state the relief measures adopted in the distressed areas of the Tumkur Dist. with reference to -

(i) Number of wells sunk and water found?

(2) Number of tanks repaired and improved.

(3) Number and length of roads opened and repaired.

(4) Number of applications for Takavi Loans and the number of applications granted and the amount.

(i) & (4) - Complete information is not yet available and will be furnished to the member when received. The returns however show that 63 Temporary Wells, estimated to cost - Rs.5,981 have been actually started in addition to the drinking water wells financed by the Dist. Board. 12 Temporary Wells have been completed. The total amount disbursed under Takavi Loans up to the end of March 1924 in the District is Rs.94,725.

(2) The total number of tanks in the Tumkur district under Restoration and Maintenance is 59 and 62 respectively with an allotment of Rs.23,500 in the State Fund Budget for 1923-24 in the former case and Rs.29,000 in the latter case from funds specially sanctioned for relief works. The total number of tank works actually taken up for providing employment and relief is 64. The expenditure up to 23rd March on the relief works is about Rs.20,000. The expenditure on the tanks ~~x~~ taken up for restoration under the P.W.D. Budget for the district is Rs.10,000.

(3) The only road works sanctioned to find employment in the ditressed areas of the Tumkur District is the Maddagiri-Hindupur Road for which Government sanctioned an estimate for Rs.30,000 last January.

In this locality relief has also been afforded by employing labour for the collection of materials and gravel required under annual maintenance grants particularly on Salem-Bellary and Bangalore-Honnavar roads.

MEETING OF THE MYSORE LEGISLATIVE COUNCIL.

4TH APRIL 1924.

INTERPELLATIONS.

QUESTIONS.

(By Mr. B. Narasinga Rao.)

1. Will the Government be pleased to state.—

(1) Whether the Assistant Comptroller, Mr. Sreerangarajan of Madras service, on Rs. 600 plus Rs. 50 a month, is still continued in the State service?

(2) Whether in addition to his pay and allowances, a proportionate contribution towards his pension is borne by the Government, and if so, how much?

(3) Whether there are not capable officers in the department to perform the duties assigned to this Special Officer?

(4) Does not the Government consider that in these days of financial stringency, the retention of a high paid lent officer is an additional drain on the resources of the State?

(5) Will the Government be pleased to terminate his services and effect substantial savings involved therein?

2. (*a*) Has the attention of the Government been drawn to the judgment of the Privy Council in the case of Motibai Hormusjee Kanga *vs.* Jamsetjee Hormusjee Kanga, wherein their Lordships have

ANSWERS.

(By Rajakaryaprasakta Mr. M. N. Krishna Rao.)

1. The answer is in the affirmative. His services have been continued for two years more from 1st July 1923.

2. Yes. The amount of contribution towards leave and pension is Rs. 162-8-0 per mensem from 1st July 1923 to 1st July 1924 and Rs. 175 from 1st July 1924 to 1st July 1925.

3, 4 and 5. There are capable officers but their number is less than the number of charges. The lent officer is not an additional officer as he holds one of the sanctioned charges for which another officer is required in any case. His retention does not therefore involve any additional expenditure except to the extent of the excess emoluments paid to him. Arrangements are being made to train more officers for the work of the Account Department. It is not possible to terminate the services of this lent officer before the expiry of the term for which the loan of his services has been obtained.

(By Mushir-ul-mulk Mr. Mir Humza Husein.)

(*a*) The Government have perused the judgment referred to.

QUESTIONS.

stated in clear terms that they refused to accept the testimony of Dr. Mylvaganam and that his conduct did not seem to them to be consistent with what he stated in Court (District Court, Civil and Military Station, Bangalore).

(*b*) Is not the said Doctor the Senior Surgeon of the Mysore Government?

(*c*) If so, what action the Government proposes to take with reference to the observations of their Lordships about his testimony and conduct?

ANSWERS.

(*b*) The answer is in the affirmative.

(*c*) The question whether any, and, if so, what action should be taken in the matter is under the consideration of Government.

(By Mr. H. Venkataramiah.)

3. Will the Government be pleased to state.—

(*a*) If it is a fact that goods traffic to Bangalore and Mysore from long distances along the Railway lines is carried on by carts thus decreasing the Railway income.

(*b*) If so, what are the causes, and what efforts have been made by the Railway authorities to attract this traffic?

(*c*) If traffic canvassors cannot be employed as in other Railways and special facilities shown for goods traffic in order to improve it.

(*d*) If it is a fact that empty waggons are moved from one station to another in order to avoid keeping them idle but certainly wasting the running powers of engines.

(*e*) If so, to furnish a statement showing the number of empty waggons moved daily without demand, during six months ending with December 1923.

(By Mr. C. Dove-Wilson.)

(*a*) The reply is in the negative. Traffic is carried by carts for short distances and the Railway cannot compete with such road traffic. Short distance traffic is everywhere carried by road.

(*b*) In view of the answer to question (*a*) this question does not arise.

(*c*) It is not economical to appoint Traffic Canvassors on a small Railway like ours. All possible facilities are being given for the movement of traffic and the matter is receiving the continuous attention of the Traffic Manager.

(*d*) The reply is in the negative. M. & S. M. Railway waggons which are received at our stations as inwards loaded on being released are returned to parent line when loads are not available as daily hire is paid to that Railway for such waggons. Waggons are also sent from a station where they are available and not required to stations where they are required and are not available. No cases of cross running of empties have so far come to notice.

(*e*) In view of the answer to question (*d*) this question does not arise.

4. Will the Government be pleased to state.—

(*a*) The number of Professors and Junior or Assistant Professors at each of the First Grade Colleges at Bangalore and Mysore.

(By Mr. K. Matthan.)

(*a*), (*c*) and (*d*). It is presumed that the member refers to the Central College, the Maharaja's College and the Maharani's College. Statements furnishing the information in regard to these colleges are placed on the table.

QUESTIONS.

(*b*) The number of hours per week which each of them is expected to devote for teaching.

(*c*) The number of hours per week which each actually teaches.

(*d*) The number of tutors in each of the Colleges.

(*e*) The number of hours per week which are given to each of the tutors for the purpose of teaching.

ANSWERS.

(*b*) According to the instructions of Government communicated in April 1920, each Professor or Assistant Professor is expected to devote at least three hours for lecturing work every day.

(*e*) According to the general instructions under which Tutors are appointed, they are not expected to do teaching work, and Government have called for information as to whether any portion of teaching work is entrusted to them, and if so, why this is done.

(By Mr. Abbas Khan.)

5. Will the Government be pleased to state.—

(1) The total amount sanctioned up-to-date in giving relief to men and cattle on account of the present drought and the districts to which allotments have been made with the amount allotted to each district.

(By Mr. K. V. Anantharaman.)

The total amount sanctioned by Government for giving relief on account of the present drought inclusive of the existing budget grants is Rs. 7,42,551 as shown in the statement placed on the table. The grants 1 to 3 of the statement are distributed by the Revenue Commissioner according to the demands of the Deputy Commissioners in the affected districts. The grants for fodder supply are being utilised, under the general scheme sanctioned in Government Orders Nos. 221-32—Dis. 8-23-5, dated 11th January 1924 and 49-63, dated 26th December 1923 by the Conservator and the Director of Agriculture respectively. A copy of the Government Order No. 671-730, dated 7th March 1924, giving further particulars of the special grants made up to the 4th February 1924 is laid on the table. An additional sum of Rupees one lakh has since been sanctioned for takavi loans which is included in the statement placed on the table.

(2) The total amount sanctioned in giving relief to those that suffered on account of floods in the Shimoga and Kadur Districts.

(2) Government sanctioned an allotment of Rs. 2,000 to the Shimoga District and Rs. 3,000 to the Kadur District for relief of sufferers by the floods. This is exclusive of grants sanctioned for takavi loans.

(3) The amount allotted for the purchase of hay and the taluks to which hay has been or proposed to be supplied.

(3) The amounts sanctioned by Government are:—

	Rs.
i. For cutting and pressing hay from the Malnad forests	95,000
ii. For the concentration and marching camps	11,000
iii. For the experimental feeding camp.	1,000
iv. For the supply of paddy straw ...	33,000
v. For fodder depots	10,000

QUESTIONS.

(4) The probable amount of the remission of kandayam that Government have so far sanctioned and the names of taluks where remissions have been granted.

6. Will the Government be pleased to state how many Kannada and Hindustani Schools have been converted into Incomplete Middle Schools for the purpose of teaching English language and the names of Hindustani Schools, if any, that have been so converted. If no Hindustani Schools have been converted or the number of such schools is smaller than the number originally fixed, will the Government be pleased to state as to who is responsible for not giving effect to the orders of Government on the subject.

(By Mr. H. Krishna Rao.)

7. Will the Government be pleased to lay on the table detailed information regarding the approximate extent of the damages caused by the floods to the people in Malnad and the various relief measures adopted with special reference to—

(*a*) Remission of assessment.

ANSWERS.

Malnad hay has been supplied to the taluks of Malur, Bowringpet, Srinivaspur, Chintamani and Sidlaghatta and will be supplied to all taluks in the affected districts, on the requisition of the Deputy Commissioners.

(4) In addition to the existing orders under which suspensions and remissions of wet assessment are sanctioned in the case of lands under tanks which do not receive a sufficient supply of water, Government have sanctioned the remission of half the assessment on lands classed as wet on certain conditions in the following taluks :—

Goribidnur	}	Kolar District.
Gudibanda		
Maddagiri	}	Tumkur District.
Koratagere		

It is not possible without the verified accounts to give any estimate of the probable remissions at present. The information will be called for and published when received.

(Mushir-ul-mulk Mr. Mir Humza Husein.)

Information regarding the number of Kannada and Hindustani schools actually remodelled with English as second language is not readily available. It is understood, however, that arrangements have not been fully given effect to in the case of Hindustani as well as Kannada schools owing to the undesirability of transferring teachers from school to school in the middle of the school year. The arrangements are expected to be completed before the schools reopen after the ensuing summer recess.

(By Mr. K. V. Anantharaman.)

The extent of damage caused by floods and the measures of relief adopted are detailed in Government Orders Nos. 506-17—C. B., dated the 16th August 1923 and 794-806—C. B., dated the 13th September 1923, copies of which have been already placed on the Press Table, and published in the Gazette.

2. (*a*) *Remissions.*—Grant of remission of assessment during Jamabandy in the case of garden or wet lands seriously damaged by the floods has been approved in para 9 of the Government Order of the 13th September 1923. The information regarding the actual amount so remitted is not available at present.

QUESTIONS.

(*b*) Grant of Takavi loans.

(*c*) Number of applications received.

(*d*) Actual number of applicants accommodated.

(*e*) And the total amounts under remission and Takavi loans respectively.

8. (*a*) Is not the Government aware that the Congress has pledged itself to non-interference with Indian States' politics and that economic regeneration of the people is the sole object of Congress propaganda in Indian States?

(*b*) If so, why is Section 144, Cr. P. C. being employed against eminent Congressmen like Pandit Misra of Allahabad and others in spite of their undertaking to abstain from reference to politics.

(By Mr. Nilgiri Sangeeviah).

9. Will the Government be pleased to state.—

(*a*) The mileage and batta drawn or claimed each month by each of the non-official Presidents of the District Boards of Bangalore, Kolar and Hassan since their appointments up to the end of February 1924;

(*b*) The mileage and batta claimed or drawn by the staff that accompanied the said Presidents respectively during the same period.

10. Will the Government be pleased to state.—

1. Whether they have perused an English letter published in the "Mysore Star" newspaper of the 22nd July 1923 under the signature of one Narnappa making specific allegations of a serious nature against the Joint Secretary of the Sri Lakshmi Co-operative Society, Koramarapalya, Bangalore City.

2. Whether it is a fact that the Auditor during the inspection of accounts

ANSWERS.

(*b*), (*c*), (*d*), and (*e*).—A statement containing the information is placed on the table.

(By Mushir-ul-mulk Mr. Mir Humza Husein).

(*a*) Government have no definite information as to the views held by the Indian National Congress in regard to Indian States. The programme of the local Congress Committee, as communicated to Government is not confined to the "Economic regeneration of the people."

(*b*) In view of the answer to (*a*), the question (*b*) does not arise. Even if the Congress confines itself to economic regeneration of the people and pledges itself to non-interference with Indian States' politics, there would be nothing to prevent a Magistrate from issuing an order under Section 144 of the Criminal Procedure Code against any person whether connected with the Congress or not, in accordance with his appreciation of the particular circumstances of the case and of the situation existing at the time.

(By Mushir-ul-mulk Mr. Mir Humza Husein).

A statement giving the information is placed on the table.

(1) and (2) The answer is in the affirmative.

QUESTIONS.

ANSWERS.

of this society between the dates 24th December 1922 and 7th January 1923 found out--

(i) that the Joint Secretary had obtained loans from the society on numerous occasions without paying interest and even executing necessary bonds ;

(ii) that the Joint Secretary had formed himself into a clique or unregistered Company to speculate in the purchase and selling of houses ;

(iii) that his manipulations resulted in rendering many a poor member of the society homeless ;

(iv) that the proceedings of the Committee meetings were wrongly recorded ;

(v) that there were many complaints from the poor illiterate constituents of the society that they were ruined ; and

(vi) that the moneys paid by them were not credited to their accounts.

3. What steps have the Government taken or propose to take to set matters right and bring to book the delinquents concerned ?

(3) Government have had the accounts of the Society again audited by the City Inspector and the result shows that while all the conclusions and observations of the auditor are not borne out by facts, the condition of the Society is not satisfactory. The Government have taken all the necessary action to set matters right and have directed the winding up of the Society if the defects are not rectified.

(By Mr. D. H. Chandrasekharaiya.)

11. Will the Government be pleased to state.—

(*a*) The circumstances under which the Chitaldrug District Board Railway as the Chik Jajur-Chitaldrug Line was originally styled, came under State control and management, and the arrangements which are made with the District Board in this connection.

(*b*) If the above line is to be owned by the State, what reasons there are for continuing the levy of the Railway cess in the district and how long it is to continue ?

(By Mushir-ul-mulk Mr. Mir Humza Husein).

11. (*a*) In 1917 Government acceded to the request of the District Board that they might be allowed to contribute only half the estimated cost of the railway. Although they were required to collect about 8½ lakhs of rupees, the District Board were unable to raise more than one lakh and 39 thousand rupees as subscriptions to their loan. As the rate of interest promised by the Board, 5 per cent, was below the market rate, Government realized that no further subscriptions could be expected from the District Board, and therefore, decided that the railway should be treated as a Government and not as a District Board Railway. Government further directed that the amount that had been raised by the District Board should be utilized towards the construction of the railway, with a guarantee of 5 per cent and a proportionate share of profits when net earnings of the line exceeded 5 per cent.

(*b*) The attention of the Member is invited to the Dewan's address to the Representative Assembly on the subject in October 1922 and to the Dewan's reply to the address of the Chitaldrug District Board presented to him during his tour in that District. As there are schemes for connecting Chitaldrug with other import-

QUESTIONS.

(*c*) What are the annual gross receipts and expenditure of the line from the time it began to run till the close of the year 1923 and how much was the total outlay on the construction of the entire line?

12. Will the Government be pleased to state.—

(*a*) If it is a fact that a member of a wealthy family of the Vysya community died recently in the town of Mulbagal under circumstances open to grave suspicion, and the dead body was allowed to be cremated immediately without subjecting it to *post-mortem* examination though a Medical Officer was available in the place.

(*b*) If it is not a fact that some persons of his community bore ill-will towards the deceased, and that the deceased had approached the local authorities for protection.

(*c*) Whether they will be pleased to order for an immediate enquiry in the matter.

(By Mr. D. S. Mallappa.)

13. Will the Government be pleased to state.—

(*a*) The number of Munsiffs, both acting and permanent, that have been appointed since the last two years and the communities to which they belong.

(*b*) Whether any order of precedence was followed in their appointment, and if so, why?

(*c*) Whether it is under their contemplation to introduce any competitive examination for appointment of Munsiffs in future?

14. Will the Government be pleased to state.—

(*a*) The total amount of iron and other by products produced in the

ANSWERS.

ant centres under consideration, the levy of the cess has to continue in accordance with the announcement of general policy already made.

(*c*) The annual gross receipts and proportionate expenditure of the line till the close of the year 1923 are noted below:—

	Gross Receipts.	Working Expenses.
	Rs.	Rs.
1920–21	8,097	6,292
1921–22	47,416	41,050
1922–23	50,230	42,296

The total cost of construction as per Completion Report is Rs. 17,26,302.

(By Mr. K. R. Srinivasa Iyengar.)

(*a*) The Government have made the necessary enquiry and it is ascertained that there were no circumstances relating to the death open to any suspicion.

(*b*) The answer is in the negative.

(*c*) Government see no reason to order any further enquiry.

(By Mushir-ul-mulk Mr. Mir Humza Husein.)

13. (*a*) A statement furnishing the information required by the Member is placed on the table.

(*b*) Yes.; in making the appointments preference was given to persons according to their place in the list of eligible candidates maintained by the Chief Court; and with due consideration to their relative merit, qualifications and the number of times they had previously acted.

(*c*) The question of framing suitable rules for the recruitment of Munsiffs by competition is under correspondence between the Chief Court and the Government.

(By Mr. K. V. Anantharaman.)

14. (*a*) The total quantity of iron and other by-products produced by the

QUESTIONS.

Bhadravathi Iron Works since it came under the control of the new Board of Management.

(*b*) Whether they have entered into any agreement with the Board of Management, and if so, the terms thereof?

(*c*) The total net amount realised by the sale of products during the same periods.

(*d*) Whether the Government had any control over the appointments made by the new Board of Management?

ANSWERS.

Bhadravati Iron Works since it came under the control of the new Board of Management, *viz.*, from 15th April 1923 to 15th March 1924 is shown in the subjoined statement:—

Pig Iron Tons.	Acetate Tons.	Alcohol U. S. A. Gallons.	Tar Tons.	Cast-ings Tons.	Neutral Oil Gallons.
10,610	835	108, 190	1,488	·29	2,250

(*b*) There is no agreement. The member's attention is invited to Government Order No. I. C. 6174-86—I. W. 136-22-1, dated 11th April 1923, constituting the Board of Management which has already been placed on the Press Table.

(*c*) The total net amount realised by the sale of the products up to 15-3-24 is Rs. 4,68,567-13-2.

(*d*) All the higher appointments are made with the sanction of Government.

(By Mr. G. Paramasiviah.)

15. Will the Government be pleased to state.—

(*a*) Whether they are aware of the introduction of the amended Code of Criminal Procedure into British India?

(*b*) When do they intend introducing the same here?

(By Mushir-ul-mulk Mr. Mir Humza Husein.)

15. (*a*) Yes.

(*b*) The amending Bill is under preparation and will be introduced shortly.

16. Will the Government be pleased to state.—

(*a*) Whether there was any representation to Government by the Municipal Council, Mysore City, or by a majority of Councillors asking for the privilege of having an elected President?

(*b*) The reasons why the privilege has not yet been extended to the Mysore City Municipal Council?

(*c*) Whether it is under their contemplation to appoint a Commissioner for Mysore City?

(By Mushir-ul-mulk Mr. Mir Humza Husein.)

(*a*) At a meeting of the Mysore City Municipal Council held on 20th May 1922, it was resolved that a deputation should wait on the Dewan to represent the necessity and suitability of the Council being granted the privilege of electing their own Honorary President.

A deputation consisting of 9 members of the Council accordingly waited on the Dewan on the 15th June 1922 to make their representation.

(*b*) *and* (*c*) As explained in the Dewan's reply to the deputation, the conditions of the Mysore City being of a special nature, the Government consider it desirable for some time to come to nominate the President of the Mysore City Municipal Council. The Government do not contemplate the appointment of a Municipal Commissioner at present.

QUESTIONS.

(By Mr. B. L. Byanna.)

17. Will the Government be pleased to state.—

(*a*) If it is a fact that they have entered into a contract with the Mining Board of Kolar Gold Fields for supplying to them certain kinds of timber from the Forests of the Mysore State. If so the date of contract and the period for which it is to run.

(*b*) Whether they are aware that as a result of their action such of the persons who maintained large stock of timber for supplying to Kolar Gold Fields have not been able to dispose of their timber and that they have been put to considerable loss?

(*c*) Whether the Government are aware that the prices agreed to by them are 37 per cent less than the price at which private persons were supplying timber to Kolar Gold Fields and consequently the probable loss to Government would be about five lakhs of rupees on the guaranteed quantity to be supplied by Government during the contract period?

(*d*) Whether they are aware that there is a middleman who gets a commission of nearly one lakh of rupees on the value of the guaranteed quantity of six lakhs cubic feet of timber to be supplied to the Mines at the exceedingly high rate of 16 per cent commission allowed to him?

(*e*) Whether it is a fact that the Government have approved of the nomination of the above said person as the agent of the Mining Board?

(*f*) The quantity of different kinds of timber supplied from the date of the contract up to the end of February 1924 and the amount realized on that account.

ANSWERS.

(By Mr. K. R. Srinivasa Iyengar.)

(*a*) A contract has been entered into on 9th June 1923 with Messrs. John Taylor & Sons' Committee for the supply of certain kinds of timber to the Mining Companies for a period of three years.

(*b*) Government have no specific information on the point.

(*c*) The inference is erroneous. According to the prevailing prices of timber, the rates agreed to are fair and reasonable.

(*d*) There is no middleman. Messrs. John Taylor and Sons' Committee have appointed an Agent of theirs for selecting timber from Depots and delivering it at the several Mines. The Government are not aware of the rate of commission given to the Agent by the Committee.

(*e*) The nomination of the Agent does not require the approval of the Government under the agreement.

(*f*) A statement giving the figures is placed on the table.

18. Will the Government be pleased to state.—

(*a*) If it is true that the Amildar-President of the Mulbagal Municipal Council removed without the knowledge and permission of the Municipal Council all the municipal records and furniture from the Municipal Office first to his house and thereafter to his chamber in the Taluk Office.

(*b*) If it is true, that as a protest the Municipal Councillors convened a meeting in the Municipal Office and submitted a resolution to the Deputy Commissioner disapproving of the action of the Amildar-President.

(By Mushir-ul-mulk Mr. Mir Humza Husein.)

18. Government have received a complaint in the matter and have called for a report from the Deputy Commissioner. A copy of the final order that may be passed by the Government will be furnished to the member.

QUESTIONS.

(*c*) If it is true that, enraged at this, the Amildar-President went to the Municipal Office and with the help of the Police locked the building with his private lock and placed a Police guard day and night and thus wilfully prevented the members from making use of the building.

(*d*) If it is true that the Amildar as the President of the Municipal Council refused to record the unanimous resolution of the Municipal Council in the matter of placing the Municipal clerk under suspension for his misconduct and that the members feeling this to be an insult left the meeting in a body.

(*e*) In the event of the above allegations being true, will the Government be pleased to take due notice of the high handed action of the Amildar who seriously disturbed the peaceful work of the Municipal Council, flouted the opinion of the non-official Municipal Councillors and frustrated the fundamental principles of Local Self-Government ?

ANSWERS.

(By Mr. K. P. Puttanna Chetty.)

19. Will the Government be pleased to lay on the table.—

Official papers including estimates, connected with—

(1) the utilization of the storage in the Krishnarajasagara for irrigation purposes.

(2) the Bhatkal Harbour Project and the Shimoga-Bhatkal Railways with a view to enable the Legislative Council to discuss these important subjects before

(By Mr. K. R. Seshachar.)

19. (1) Proposals in connection with the utilisation of water stored in Krishnarajasagara have been dealt with in the original project report of the Krishnarajasagara Works and also more fully in the report of the Krishnarajasagara Special Committee appointed for advising Government on the several questions relating to that project including the utilisation of the storage. Government have not yet passed orders on the Committee's recommendations pending negotiations with the Government of Madras. Now that a final agreement has been arrived at with Madras regarding the Krishnarajasagara Dam and all questions connected therewith and the distribution of surplus water for development of further irrigation in the Couvery Valley, the matter referred to in the interpellation will be settled by Government with the aid of expert advice after further investigations required in connection with the extra irrigation provided for in the Madras agreement have been made. Additional detailed surveys are necessary for purposes of this investigation and these have been called for in Government Order No. 208-28—K. R. S. 1418-28, dated 31st December 1923 a copy of which is placed on the table.

2. The question of the construction of a Harbour for the State at the Port of Bhatkal and of Railway from Shimoga to the Port is still under correspondence with the Government of India and the

QUESTIONS.	*ANSWERS.*
final orders are passed by Government.	projects are therefore not yet ready for consideration by Government. The Legislative Council will under their powers in connection with the budget have ample opportunity to discuss the financial aspects of any such projects that may be proposed to be taken up after the necessary investigation. In such cases, Government cannot undertake to lay on the table all official papers including estimates before final orders are passed, but will publish for general information all orders and proceedings which it is usual for them to publish.
(By Mr. H. G. Basavappa.)	**(By Mushir-ul-mulk Mr. Mir Humza Husein.)**
20. With reference to the reply given to my interpellation No. 6 in the meeting of this Council held on the 18th December 1922, regarding the institution of an enquiry into the causes of the agricultural indebtedness in Mysore, that the matter was engaging the earnest consideration of Government and orders would be issued in due course, will the Government be pleased to state.— (*a*) What steps, if any, have been taken in the matter ? (*b*) Whether they propose to appoint any Committee for it ?	(*a*) and (*b*) In view of the reconstitution of the Economic Conference, Government propose to refer the question to that body before passing final orders. They do not propose to appoint any other Committees for the purpose.
(By Mr. K. V. Anantharaman.)	
21. With reference to the reply given to my interpellation No. 7 in the meeting of this Council held on the 16th of April 1923, regarding the pollution of the Bhadra river water by the waste water of the Distillation Works that water from the retorts was still going into the river and the question of diverting that water also was receiving attention, will the Government be pleased to state.— (*a*) Whether they are aware that the pollution complained of still continues? (*b*) Whether they do not consider the pollution to be highly harmful to the inhabitants of the villages lower down the river ? (*c*) Whether the Government propose to take any steps to prevent the pollution and if so, when ?	(*a*) From a recent report from the Government Director, it is understood that the quantity of water from the factory which goes to the river has been considerably reduced. (*b*) and (*c*) The Government understand that the question of mitigating the nuisance is under the consideration of the Board of Management and that they propose taking early action in the matter.

QUESTIONS.

(By Mr. C. Narasimhayya.)

22. Will the Government be pleased to state in *re* the University Examinations.—

(*a*) What are the several question papers that leaked out?

(*b*) the Press in which they were printed (either Central Press, Bangalore or Branch Press, Mysore),

(*c*) the Officer or Officers or officials that were in charge of printing question papers,

(*d*) the safeguards adopted to prevent leakages,

(*e*) the date or dates on which these papers left the office, and the date and dates on which they were made public,

(*f*) has any explanation been called for from the responsible officers and officials?

(*g*) if any explanation has been offered can the same be placed on the table?

(*h*) how has the Government dealt with the offender or offenders?

(*i*) what will be the cost of re-examination?

(*j*) how does Government propose to meet the additional expenditure?

(*k*) whether it is under contemplation to levy any additional fees?

(*l*) what are the causes or inducements that occasioned the leakage of papers?

ANSWERS.

(By Mr. K. Matthan.)

Under clauses (*b*) and (*f*) of the Mysore University Regulation, the conduct of University Examinations is a matter within the competence of the University.

It has been ascertained that the Vice-Chancellor of the University has appointed a Committee to investigate the reported leakage of some of the question papers set for the recent University Entrance Examinations. The Committee met on the 21st and 24th March and conducted certain investigations and has submitted a preliminary report to the University Council. The answers to the several heads of the questions put by the Member cannot be furnished until the investigations have been completed and a final report is received from the University Council by Government.

As regards clause (*k*), if it should be decided to hold a re-examination in any subjects, the Government understand that it is not intended to levy fresh fees from the candidates.

(By Mr. J. Rudrappa.)

23. Will the Government be pleased to state.—

(*a*) Whether any agreement has been entered into regarding the recruitment from the Agency tracts for Ceylon and other labour places? If so, how long will the agreement last?

(*b*) The number and names of the recruiting agents working in the Agency tracts for recruiting labour and for what labour places?

(*c*) The number of people recruited in the year 1923.

(*d*) Whether the Government have received any report regarding the abuses and disabilities from which the labourers are suffering. What measures have the Government adopted to prevent the abuses? Whether any supervision is carried in the labour area? Whether Government have appointed any persons to supervise the method of recruitment and the health and convenience of the people recruited?

(By Mr. K. Matthan.)

(*a*), (*b*) and (*c*) It is not understood what the member means by the term "Agency tracts." No agreements have been entered into by the Government regarding the recruitment of labour for Ceylon or other places. Information as to the number and names of the Agents recruiting labour for Ceylon and other places and as to the number of persons recruited is not available, but will be called for.

(*d*) Government have received no reports regarding any abuses or any disabilities from which labourers are suffering. Emigration of minors and other persons beyond the limits of Mysore is regulated by the Mysore Emigration Regulation, I of 1913, which gives certain powers of inspection to Magistrates and officers in-charge of Police Stations, and vests certain powers of control in the District Magistrates. Government will now call for reports on the subject from the District Magistrates and consider whether any

QUESTIONS.

(*e*) Are the Government thinking of opening a labour office in Mysore?

24. Will the Government be pleased to state the relief measures adopted in the distressed areas of the Tumkur District with reference to—

(1) Number of wells sunk and water found.

(2) Number of tanks repaired and improved.

(3) Number and length of roads opened and repaired.

(4) Number of applications for Takavi loans and the number of applications granted and the amount.

ANSWERS.

additional safeguards or regulations are necessary. Emigration from any part in British India to Ceylon and other places is regulated by the Indian Emigration Act, VII of 1922, and under Section 7 of this Act, the Governor-General of India in Council may, for the purposes of safeguarding the interests of emigrants in any place outside British India, appoint persons to be agents in such places. There is therefore no necessity for any separate arrangements being made by the Government of Mysore for safeguarding the interests of recruits from Mysore in places outside India where they may be working.

(*e*) The answer is in the negative.

By Mr. K. V. Anantaraman.

(1) & (4) Complete information is not yet available and will be furnished to the member when received. The returns however show that 63 temporary wells, estimated to cost Rs. 5,891 have been actually started in addition to the drinking water wells financed by the District Board. Twelve temporary wells have been completed. The total amount disbursed under Takavi loans up to the end of March 1924 in the District is Rs. 94,725.

(2) The total number of tanks in the Tumkur District under Restoration and Maintenance is 59 and 62 respectively with an allotment of Rs. 23,500 in the State Fund Budget for 1923-24 in the former case, and Rs. 29,000 in the latter case from funds specially sanctioned for relief works. The total number of tank works actually taken up for providing employment and relief is 64. The expenditure up to 23rd March on the relief works is about Rs. 20,000. The expenditure on the tanks taken up for restoration under the P. W. D. Budget for the district is Rs. 10,000.

(3) The only road works sanctioned to find employment in the distressed areas of the Tumkur district is the Maddagiri-Hindupur Road for which Government sanctioned an estimate for Rs. 30,000 last January.

In this locality relief has also been afforded by employing labour for the collection of materials and gravel required under annual maintenance grants particularly on Salem-Bellary and Bangalore Honnavar roads.

Annexure to Reply to Interpellation No. 4.

STATEMENT No. I.

(a) and (d) Number of Professors, Junior Professors, Assistant Professors and Tutors.

Government of His Highness the Maharaja of Mysore.

PUBLIC WORKS DEPARTMENT (K. R. S. WORKS).

G. O. No. P. W. 208-18—K. S. S. 1418-1428, dated 31st December 1923.

Krishnarajasagara Works.

Laying down a Modified Programme for the years 1923-24 and 1924-25 for——.

READ—

G. O. No. P. W. 6-15—K. S. S. 47-56, dated 6th July 1923, fixing the programme of works to be carried out in 1923-24 and 1924-25, regarding the Krishnarajasagara Works.

2. Krishnarajasagara Works Secretary's Note No. 180—C., dated 1st November 1923, submitting the Report of the Expert Committee constituted for the scrutiny of the Modified Revised Estimate for the Krishnarajasagara Dam Works and the Completion Estimates for the new channel works pertaining thereto.

ORDER No. P. W. 208-18—K. S. S. 1418-1428, DATED 31ST DECEMBER 1923.

In March 1918, Government approval was accorded to the Abstract Estimate of Rs. 1,61,42,983 to proceed with the Krishnarajasagara second stage of + 118 feet storage pending sanction to the detail estimate and in accordance therewith the works are progressing.

2. In the meantime the decision of the Secretary of State for India was awaited on the Madras appeal against the ratification of the award by the Government of India. The principal features regarding the final stage of the reservoir could not therefore be taken as finally settled. At the same time the works could not be completely stopped and the Abstract Estimate approved in 1918 needed a revision. Accordingly a Revised Abstract Estimate for Rs. 190·77 lakhs was prepared taking into account the expenditure incurred up to the end of December 1918 and providing for the necessary items of expenditure to be incurred for bringing the storage up to + 110 with the necessary facilities reserved for providing waste weir gates later on so as to raise the level of storage to +118. This estimate was ordered to be revised as the final features of the project were not covered thereby, and as the estimate did not provide for the final completion of works.

3. An estimate amounting to Rs. 215·17 lakhs which includes the expenditure of Rs. 1,75,77,159 on Dam Works to the end of June 1922 and provides Rs. 39·40 lakhs for the emergent works absolutely necessary and proposed to be carried out in accordance with the recommendations of the Krishnarajasagara Committee including the cost of Compensation for acquiring lands to the contour of + 120 is now submitted for the works required to be done to safeguard the works executed so far in connection with the Dam construction.

Simultaneously estimates aggregating Rs. 4,01,200 for the completion of the marginally noted channels have also been submitted to facilitate bringing under irrigation the full extents of irrigation contemplated under the above channels.

		Rs.
1.	Chamaraja Right Bank Channel	1,77,000
2.	Improvement and extension of Mandagere Channel...	1,50,000
3.	Do do Hemagiri ,, ...	15,000
4.	South Bank Low Level Canal	59,200

4. In consideration of the several very important technical matters which have to be settled in the best manner possible, Government referred these estimates for scrutiny to a Committee of Technical Experts consisting of:—

Rajasabhabhushana Mr. S. Cadambi, B.A., L.C.E., (Chairman and Convenor).
Rajasabhabhushana Mr. Karpur Srinivasa Rao, B.Sc. L.C.E.
Rajasilpi Visarada Rao Bahadur Mr. B. Subba Rao, L.C.E.

5. This Committee, after inspecting the Dam Works on the 5th October 1923 and discussing all the points on which their opinion was called, have submitted a report, which has been considered by Government.

No. P. W. 208-18—K. S. S. 1418-1428, DATED 31ST DECEMBER 1923.

6. The recommendation of the Committee that the dam should be brought to a sufficient height so as to surplus the floods of the 1925 season through the sluices at + 80, and the open weir at + 106, necessitates a modification of the capital programme of the Krishnarajasagara Works fixed for the current and the next years approved in Government Order No. P. W. 6-15—K. S. S. 47-56, dated 6th July 1923 and referred to in the preamble.

7. Accordingly, the Special Officer, Krishnarajasagara Works, has submitted a modified programme for the current and the next years. According to this programme, the amounts required will be as tabulated below :—

No.	Items of Works	As per approved programme for 1923-24	Proposed grant for 1923-24	As per approved programme for 1924-25	As now proposed for 1924-25
		Rs.	Rs.	Rs.	Rs.
1	Dam Construction	4,12,800	7,06,300	4,24,500	12,06,300
2	Compensation	71,500	75,000	72,000	1,64,000
3	Channel Works including hikkals	47,500	47,500	43,500	43,500
4	Establishment	1,20,600	1,25,000	1,20,000	1,25,000
5	Tools and Plant	3,000	3,000	3,000	3,000
6	Suspense	—2,800	—4,800	—3,000	—3,800
	Total ..	6,52,000	9,52,000	6,60,000	15,38,000
	Receipts on Capital Account ..	1,00,000	1,00,000	1,00,000	1,00,000
	Total ...	5,52,000	8,52,000	5,60,000	14,38,000

From the above, it is seen that a sum of Rs. 3 lakhs will be required this year in addition to the current year's budget grant of Rs. 5,52,000 under 38 Krishnarajasagara Works, for the works that have to be urgently done, and the requirements of the next year aggregate Rs. 14·38 lakhs against Rs. 5·60 lakhs contemplated in the approved programme of July last.

8. An estimate amounting to Rs. 75,000 has been submitted for making good the damages which occurred to the rear face of the dam during the heavy floods of the last South-West Monsoon as recommended by the Committee. As the works provided in this estimate do not pertain to the capital expenditure, no provision has been made therefor in the capital programme, the necessary funds for the same being provided under the revenue expenditure of the project.

9. Consistently with the programme proposed, the staff of the Dam Construction Division which was considerably reduced according to the previous programme is proposed to be augmented temporarily by posting an additional staff from January to June 1924, as shown in the accompanying proposition statement, for doing the important and additional work of making good the damages caused to the rear face of dam before the next flood season. The net cost for the six months will be Rs. 4,431, for which provision is made in the modified programme.

Further to give effect to the programme it is proposed to complete as soon as possible along with the raising of the dam, the Land Acquisition and Settlement operations connected with the second stage work. This necessitates the employment of additional staff in this and next year and provision has accordingly been made in the programme under review.

10. With regard to the number and dimension of the sluice openings at +80 level and the design of the gates, the Expert Committee have been of opinion that, so long as due provision is made for the total surplusing capacity of the maximum calculated flow of 250,000 cusecs, the number of sluices 10′ x 20′ each at +80 level may be reduced from 20 to 16, omitting the four at the northern end of the byewash channel. They have also approved of the design proposed by the Special Officer.

11. After carefully examining the proposals put forward, Government are pleased to approve the recommendation of the Expert Committee referred to in paragraph 5 of this order and direct as follows:—

(1) In view of the fact that the Cauvery Settlement with Madras on the Krishnarajasagara Project is still under consideration, the detail estimate to complete the project

on the lines of the final settlement to be arrived at in the near future, should be prepared and submitted to Government for sanction soon after that agreement is reached. This estimate should be complete in all respects and provide for the completion of the project with storage at + 124 feet and include waste weir shutters, High Level Canal sluices and the cost of acquisition for the storage level of + 124.

(2) Detail estimates for the High Level Canal Project may also be submitted along with preliminary project estimate for 110,000 acres extra irrigation provided for in the agreement with Madras with regard to the extension of irrigation.

(3) It is not considered necessary to sanction any provisional estimate at this stage but the work may be proceeded with on the basis of the recommendation of the Committee and the modified programme for the current and the next years as submitted by the Special Officer.

(4) An additional grant of Rs. 3 lakhs under capital expenditure for 38 Krishnarajasagara Works is sanctioned for carrying out the works of this year included in the modified programme.

(5) A grant of Rs. 15·38 lakhs including the amount of contribution of Rs. 1 lakh as per details shown in the last column of the statement under para 7 is sanctioned for the execution of the emergent works in accordance with the programme fixed for 1924-25, on the recommendation of the Expert Committee.

(6) The estimate for Rs. 75,000 for making good the damages to the rear face of dam submitted by the Special Officer is sanctioned. To meet this expenditure an additional grant of Rs. 72,500 is sanctioned in the Revenue Budget for the Krishnarajasagara Project, which with the sum of Rs. 2,500 already provided for scour filling in the current year's grant of Rs. 35,320 for the Revenue Works, will make up Rs. 75,000, the amount of the sanctioned estimate.

(7) A detailed programme for settling compensation up to the storage of (1) + 106 level and (2) +124 level, may be submitted along with the detail project estimate for the approval of Government together with a statement of additional establishment required for the Land Acquisition Work from January 1924 to the end of June 1925.

(8) In order to expedite the completion of the detailed project estimate and for carrying on the necessary investigations for the new projects referred to in (1) and (2) above, the Special Officer is requested to submit proposals for the Special Establishment for the purpose so that the establishment may commence work as soon as the final settlement on the Cauvery Dispute is reached.

(9) A Committee of experts consisting of a chairman and two members will be formed to advise Government on all the problems connected with the Krishnarajasagara and allied works.

(10) In view of the highly technical character of the work that will devolve on the officer in charge of Krishnarajasagara developments in future, it is considered desirable that a suitable officer of the Mysore Public Works Department be selected for being sent on deputation abroad for training in the methods of irrigation under large works as soon as possible.

(11) The completion estimates for the channel works are approved.

(12) The question of the debit to Krishnarajasagara Works of Rs. 8·36 lakhs on account of the value of lands given in exchange should be examined and proposals to modify the previous Government Order may be submitted for the final orders of Government.

(13) As separately ordered, the question of obtaining the gates for the sixteen + 80 sluices, 10′ + 20′ each may be referred to the Stores Purchase Committee so that the matter may be taken up immediately with the Consulting Engineers, Messrs. Rendell, Palmer and Tritton.

Orders regarding the personnel of the Committee and the Officer to be sodeputed referred to in (9) and (10) above respectively, will issue separately.

12. In accordance with these orders the additional grant of Rs. 3 lakhs sanctioned includes a sum of Rs. 80,000 for part payment towards the cost of the gates for the waste weir sluices at 80. Actual expenditure on the sluices depends upon the Government placing orders within the next two months and the manufacturers being able to ship the parts and claim payment before the end of the current year. If no payment could be made however during the current financial year, this amount should be taken as an additional grant to Rs. 14·38 lakhs provided for the next year.

13. In the estimate of Rs. 2,15,17,200 which includes the outlay incurred on the Dam Works to the end of June 1922, it is pointed out that the outlay incurred on the Turbine

sluice gates and the pen-stock pipes including the cost of erection has been omitted, while the outlay incurred on the masonry work necessitated therefor has been included. In view of the fact that the masonry work would not have been done but for the turbine sluices, Government agree with the Committee's recommendation that the entire cost of the turbine sluices and of their erection together with the cost of the masonry work should be transferred to the Electrical Department.

14. Pending the submission of the programme called for in paragraph 11 (6) *supra*, the Special Land Acquisition Officer should be requested to take immediate steps necessary for the publication of the declaration statements in respect of the lands coming under submersion for storage level of + 106 and of + 124.

15. The proposition statement for the increased establishment referred to in para 9 above has been sanctioned and orders have been issued separately.

S. CADAMBI,
Secretary to Government,
Krishnarajasagara Works.

To—The Special Officer, Krishnarajasagara Works.
The Financial Secretary to Government with a spare copy and file for communication to the Comptroller.
The Revenue Commissioner in Mysore.
The Secretary to Government, Revenue Department.
The Chief Electrical Engineer to Government.
The Chief Engineer for Irrigation.
The Executive Engineer, Dam Construction Division.
The Executive Engineer, Upper Channels Division.
The Executive Engineer, Lower Channels Division.
The Executive Engineer, Gauging Division.
The Secretary, Stores Purchase Committee.

Exd—P. S. R. N.

(As per Government Order No. C. 40—K. S. S. 433, dated 25th October 1923).

N. B.—It is pointed out that this total of Rs. 6,660 includes the charges on account of Six Sub-overseers, *i.e.*, their salaries and conveyance allowances which amount to Rs. 2,229 who are to be transferred from the Gauging Division to the Dam Construction Division. Thus the real increase in establishment is Rs. 4,431 only as against the figure of Rs 4,000 assumed in paragraph 12 of this Office Note No. 180, dated 1st November 1923.

The net excess for six months from January 1924 to end of June 1924 will be Rs. 6,660.
